START DATES

SESSION START DATES

Greystone College has ongoing monthly or bimonthly session start dates depending on the schedule. Each session marks the start of a new course or set of courses. Our program start dates align with session start dates and programs follow one of two systems:

Flexible Ongoing Sessional Entry: In most of our programs, courses run in an ongoing, repeated sequence and students may enter the program on any session start date. In these programs, each course offers learning content that stands alone, and is not a pre-requisite to any other course in the program. Shorter certificates and single classes run on limited specific start dates.

Set Entry: Some programs are progressive meaning they begin with foundational learning at the start of the program and students continue to build upon their knowledge with each progressive course. To support student success, these programs are offered on limited set start dates.
